On October 12, at approximately 8:00 AM, the anticipation in the air was palpable; the students of MIS, accompanied by their families, congregated in the school's general assembly area. A flu

vaccination drive held by PQ HealthShield Inc.—all to follow health measures and raise awareness surrounding the flu, together as one.

By 9:25 AM, attendees, teachers, and staff were honored by the presence of our esteemed head of school, Dr. Sylvia G. Lazo. Her passionate tour of the vaccination drive underscored her dedication to ensuring the welfare of both students and staff members alike.

As the morning unfolded, the assembly area transformed into a vibrant hub of activity, with families registering and assessing their children's needs. Various stations—thoughtfully arranged by the dedicated team from PQ HealthShield Inc.—facilitated the registration and assessment processes, supported by Montessori teachers who guided families through each step. The tireless efforts of two qualified nurses and a diligent doctor further exemplified the commitment to ensuring the health of our students

By around 11:20 a.m., the vaccination drive concluded—remarkably successful, having provided essential vaccinations to numerous families, thereby enhancing their safety and wellbeing during the flu season. Here’s to a future brimming with health and safety for everyone in our community, reminding us all that in unity lies our strength, and indeed, health is wealth.
